

ZEIBE TEXTILE CLEANER SAFETY DATA SHEET

1. Identification of the substance/preparation and of the company/undertaking

Product information

- Product internal name: Deter LQ-10 / Jabón textil

- Commercial name: Textile Cleaner

· Intended use of the substance/preparation: Laundry detergent

Manufacturer

Procesos a Terceros S.L. Avda. Principal, 37 naves B-C-D Pol. Ind. Can Clapers 08181 Sentmenat (Barcelona) Spain

Distributor

Zeibe Professional Care S.L. C/Puig dels Tudons, talleres 8, naves 79-81 Pol. Ind. Santiga 08210 Barberà del Vallès (Barcelona) Spain

2. Composition/information on ingredients

Composition	CAS No.	EINECS No.	Classification	R Phrases
2%< Tetrapotassium pyrophosphate	7320-34-5	230-785-7	Xi	R-34 R37
15%< Ethoxylated alcohol	68951-67-7		Xi	R-22 R-36/38
3%< Cocamide DEA	8051-30-7	232-483-0	Xi	R-36
4% < Potassium soap			Xi	R-36/38

3. Hazard identification

- Hazard nature: It does not contain hazardous ingredients in a sufficient quantity
- Health hazards: If swallowed it can cause irritation in mouth and upper digestive tract.
- · Environmental hazards: Riskless.
- · Inadequate intended use: Not observed.

4. First aid measures

- General advice: It does not contain hazardous ingredients in a sufficient quantity.
- · Inhalation: Riskless.
- Skin contact: Riskless. Avoid repeated or prolonged contact.
- Eye protection: Irrigate copiously with clean water.
- Ingestion: If swallowed, seek medical advice.

5. Fire-fighting measures

- Suitable extinguishing media: All extinguishing agents are allowed.
- · Specific hazards: Incombustible.
- **Protective equipment:** Use all suitable media to extinguish surrounding fire according to combustible which has caused the fire.

6. Accidental release measures

- Personal precautions: Avoid prolonged contact with product.
- Environmental precautions: Do not let product enter drains, surface waters or subterranean waters. In case of a big spillage, notify the respective authorities.
- **Methods for cleaning up:** Contain and collect spillage with non-combustible absorbent materials, e.g. sand, earth, vermiculite, etc. and place in container for disposal according to local regulations.
 - Additional precautions: Take into consideration sections 8 and 13.

7. Handling and storage

In accordance with RD 374/2001 of 6th April.

Handling

- Safe handling advice: Comply with health and safety at work governing laws.

Storage

- Requirements for storage and containers: Store in original containers between 5 and 40°C. Comply with national, regional or local governing laws.
- Additional directions: Laundry detergent.

8. Exposure controls/personal protection

Professional exposure controls in accordance with RD 374/2001 of 6th April.

- Exposure limits, TLV/TWA: Not applicable.
- Exposure controls: Not applicable.

Suitable protection in accordance with RD 1407/1992 of 20th November.

- Respiratory protection: Not necessary.
- Skin protection. Hands: Not necessary.
- Eye protection: Wear goggles for protection against solvent spatter.
- · Skin protection. Rest of the body: Not necessary.
- Environmental exposure controls: "By virtue of EU laws on environmental protection".

9. Physical and chemical properties

· General information		
Form:	Gel	
Colour:	White	
Scent:	Rose/Talcum powder	
рН	9.5	
- Boiling point/range:	< 100°C	
· Flash point:	Not flammable	
Explosion hazard:	Not explosive	
Comburence hazard:	Not comburent	
· Density:	1.010 g/cm3 (20°C)	
Water solubility/miscibility:	Miscible	
- Viscosity:	300" copa For/4 (20°C)	

10. Stability and reactivity

- Thermal decomposition/conditions to avoid: Stable under recommended storage and handling conditions.
- **Hazardous reactions:** Possible reaction with oxidizing agents. Possible reaction with perchlorate, peroxide-chloride, nitrate, permanganate, bromide and fluoride.
 - Hazardous decomposition products: No data available.

11. Toxicological information

Acute toxicity

If intoxication occurs, symptoms should be mild.

Primary stimulant effect

In eyes: IrritantIn skin: Riskless

- Additional toxicological directions
- · Inhalation: Riskless
- Ingestion: Harmful if swallowed; it can cause irritation in digestive tract.

12. Ecological information

- General directions
- Ecotoxicity: Apparently riskless.
- Risk levels for water
 - Mobility: There is no data available on the product.
 - Other adverse effects: Not observed.

13. Disposal considerations

- Product
 - Recommendations: The product should not be allowed to enter drains or watercourses.
- Uncleaned packaging
- **Recommendations:** Waste materials, including properly emptied containers, are to be recycled, recovered or disposed of by authorised and/or qualified agents. In any case, treatment to be adopted shall comply with relevant European, national and local governing laws.

14. Transport information

- Road transport ADR/RID and GGVS/GGVE (international/national):
- ADR/RID-GGVS/E class: Not classified
- Additional transport information:
- · IMDG class: Not classified
- Sea pollutant: Not classified EmS:
- · Air transport ICAO-TI and IATA-DGR:
- · ICAO/IATA class: Not regulated

DETER LQ-10	REVISION: 001	FECHA 04 MAY 2009
-------------	---------------	-------------------

Regulatory information

According to Regulation on classification, labelling and packaging of dangerous products R.D. 255/2003 of 28th February, the product is labelled as follows:

· Hazard symbol:

R Phrases:	R-22	Harmful if swallowed.	
S Phrases:	S-2	Keep out of the reach of children.	

Other information

Full text of R phrases: (Section 2)

R22 Harmful if swallowed. R-34 Causes burns.

R-36 Irritating to eyes. R-37 Irritating to respiratory system.

R-36/38 Irritating to eyes and skin.

The information of this SDS is based on the present state of our knowledge and meets the requirements of the EU and National governing laws. The user's working conditions however, are beyond our knowledge and control. The product is not to be used for purposes other than those specified under section 1 without a written permission. It remains the responsibility of the user to ensure that the necessary steps are taken to meet the governing laws and regulations. The information given in this SDS is to describe the product only in terms of health and safety requirements and should not, therefore, be construed as guaranteeing specific properties. This SDS has been elaborated in accordance with Annex VIII of R.D. 255/2003 of 28th February.
